Report on the Financial Statements

We have audited the accompanying financial statements of the United Way of the Big Bend, Inc. (UWBB) which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the United Way of the Big Bend, Inc. as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited United Way of the Big Bend, Inc.'s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 10, 2015. In our opinion, the summarized comparative information presented in the statement of activities and changes in net position as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Notes to Financial Statements

Years ended June 30, 2016 and 2015

1. Summary of Significant Accounting Policies

Nature of Operations

The United Way of the Big Bend (UWBB) is a not-for-profit corporation organized under the laws of the state of Florida. Its primary purpose is to raise money and mobilize resources to meet priority human needs.

Basis of Accounting

UWBB uses the accrual basis of accounting. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The significant accounting policies are described below.

Cash and Cash Equivalents

Cash and cash equivalents consist of deposits with a financial institution and deposits in highly liquid money market funds. Deposits with financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor. Bank deposits at times may exceed federally insured limits. UWBB has not experienced any losses in such accounts.

For purposes of the statements of cash flows, UWBB considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash.

Investments

Investments consist of various bonds, equities, and mutual funds, as well as an endowment fund. Investments are carried at their market values. The values of bonds, equities, and mutual funds are estimated based on their quoted market values for the specific investment. The value of an endowment fund held by the Community Foundation of North Florida (CFNF) is determined based on information received from CFNF.

Concentration of Credit Risk

The financial instruments exposed to concentrations of credit risk consist primarily of its cash, cash equivalents, and investments. All investment transactions have credit exposure to the extent that a counterparty may default on an obligation to UWBB. Credit risk is a consequence of carrying investment positions. To manage credit risk, UWBB focuses primarily on higher quality, fixed income securities, limits its exposure in any one investment, and monitors quality.

United Way of the Big Bend, Inc.

Notes to Financial Statements

1. Summary of Significant Accounting Policies (continued)

Accounts and Pledges Receivable

Pledges receivable consist of amounts pledged for current year campaign revenues and are presented net of an allowance for uncollectible amounts. The allowance is calculated based on the average actual uncollectible rate for the preceding three years.

Property and Equipment

Property and equipment is stated at cost, net of accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets ranging from 3 to 40 years. Assets with an original cost of \$500 or more and a useful life of at least one year are capitalized.

Contributions

Annual campaigns are conducted to raise support for allocation to not-for-profit agencies that provide direct health or social welfare services. Contributions made specifically to UWBB or to a particular county or area of need are considered undesignated and will be allocated according to UWBB's policies and procedures. When the donor makes a contribution to UWBB and designates a named charity as the beneficiary, the donor is generating an agent transaction and the donation is not considered revenue to UWBB. These designations are called "donor designations" and "designated allocations" in the statements of activities and changes in net assets and are deducted from gross campaign revenue and a designated pledges liability account is recognized.

Contributions and grants of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use and duration of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose of restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities and changes in net assets as net assets released from restrictions. Donor contributions and grants received with restrictions that expire during the fiscal year are recorded as unrestricted contributions on the statements of activities and changes in net assets.

Fundraising that is not related to the annual campaign is presented net of related expenses in the accompanying statements of activities and changes in net assets.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by UWBB. Contributed services recognized as revenue during the years ended June 30, 2016 and 2015, included professional services required to fulfill program responsibilities. Volunteers, including Board members, also provided general support services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria were not met.

United Way of the Big Bend, Inc.

Notes to Financial Statements

1. Summary of Significant Accounting Policies (continued)

Donated Services

A significant portion of UWBB's functions are conducted by unpaid volunteers. As noted above, the value of this contributed time is not reflected in the accompanying financial statements since the volunteers' time does not meet the requirements for recognition.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs benefited on the basis of estimates made by management.

Income Taxes

Pursuant to a determination letter received from the Internal Revenue Service, UWBB is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, and as such is liable for tax only on business income unrelated to the purpose for which it is exempt. No provision for income taxes has been recorded in the accompanying financial statements.

With few exceptions, UWBB is no longer subject to examinations by major tax jurisdictions for years ended June 30, 2012 and prior.

Subsequent Events

UWBB has evaluated subsequent events through October 20, 2016, the date the financial statements were available to be issued. During the period from June 30, 2016 to October 20, 2016, UWBB did not have any material recognizable subsequent events, but did identify one matter for disclosure. See Note 12.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Investments

The Fair Value Measurement and Disclosures Topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Fair Value Measurement and Disclosures Topic are described as follows:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

UWBB utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair Value on a Recurring Basis

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis.

Investments consist of the following at June 30, 2016:

2. Investments (continued)

**The endowment fund is comprised of funds held at the Community Foundation of North Florida (CFNF). Fair value is determined based on information received from CFNF. UWBB understands the CFNF is invested in mutual funds, although CFNF has not disclosed the level used to determine the fair value of those investments.*

The intent of the land, building, and equipment reserve is to fund major maintenance, replacement, or repair on UWBB facilities and equipment as well as to fund building replacement or renovation.

United Way of the Big Bend, Inc.

Notes to Financial Statements

4. Unrestricted Net Assets (continued)

Management reserves are intended to maintain the operation of the organization in the event that UWBB is unable to conduct a community campaign or to collect pledges on a previous campaign.

Community reserves are intended to maintain the organization's ability to support the community, to reduce the portion of UWBB's annual administrative costs charged to the campaign, to provide emergency assistance, and to provide non-annual grant support to worthwhile activities in the community.

The various Board-designated reserves described above shall be adjusted in those years when the results of operations and the related annual campaign show an increase in unrestricted net assets. Decreases in designated net assets are charged to management reserves or community reserves.

5. Temporarily Restricted Net Assets

Temporarily restricted net assets consist of pledge revenue received for the subsequent year's campaign, funds received with donor restrictions, and previously allocated funds that were not disbursed due to a lack of continuing agency participation. The net assets are reclassified to unrestricted in the year the restriction is fulfilled. Transfers are made between net asset classifications as needed due to changes in agency participation.

Temporarily restricted net assets consist of the following at June 30:

6. Permanently Restricted Net Assets

UWBB established an endowment fund during 1994. The fund was established to make it possible for UWBB to help social services agencies sustain current programs and develop new ones, as needed.

All endowment funds are classified as permanently restricted net assets in accordance with donor stipulations. UWBB does not have a formally adopted endowment spending policy. However, no investment income has been recognized related to these funds as of June 30, 2016. UWBB's endowment investment policies limit its investments to certain types of investments and limits the amount invested in any one financial institution or issuer to 95% of the FDIC coverage. The overall objectives of the investment policy are production of sufficient income to meet the goals of the account and to provide for growth of assets to meet future objectives.

This campaign allows donors to designate contributions to specific approved agencies listed in the current year campaign brochure, or to make undesignated contributions for the LCS. Designated contributions are paid to the specific agencies quarterly. Payment is based on the pledge amount less an allowance for uncollectibles and an appropriate agreed upon administrative fee. Undesignated contributions go to UWBB's Community Care Fund to be distributed as approved by Community Human Service Partnership volunteers.

12. Subsequent Events

Through the 2016 campaign year, UWBB and its local government partners participated in a joint planning and funding distribution process known as the Community Human Service Partnership. On August 2, 2016, UWBB's Board of Directors approved modifications to how UWBB allocates funding to its 38 agency partners in Leon County beginning in the fiscal year ending June 30, 2018. The Board's action allows UWBB to continue to share one online funding application and information with its government partners but independently direct funding to its agency partners.
