Informed Consent to Participate in Research

The Nita M. Lowey 21ST Century Community Learning Center (referred to as 21ST CCLC) program is federally funded by the United States Department of Education (referred to as DOE) and administered by the Florida Department of Education (referred to as FDOE). The Children's Forum, is a non-profit agency dedicated to children's advocacy. This agency monitors and assesses attendance for all 21ST CCLC programs across Florida to ensure all locations are meeting their goals and students are participating in most of the activities being offered.

United Way of the Big Bend, referred to as UWBB, applied for and received 21ST CCLC grants to fund four program sites in Leon County. As the parent/guardian of children currently attending a 21ST CCLC before-after-school and/or summer program, we are asking you and your child to take part in a research study to evaluate the effects of the program. The name of the research study is the 21ST Century Community Learning Centers (21ST CCLC) Evaluation. This evaluation is being done through LCS, the Boys and Girls Club of the Big Bend, Florida Department of Education (FDOE) and United Way of Big Bend.

The purpose of this study is to find out whether students attending the program regularly are meeting local and state academic standards and whether they have an increased awareness of healthy living and good decision-making. Both during and after participation in the services, the study will look to see whether program operations to support improvements in student learning and development are sufficient.

Participation is voluntary. You may choose to withdraw from the study at any time. There is no penalty if you choose not to take part in this study. Your decision to participate or not participate will not affect your child's status in the program, their education or their relationship with their teacher. Before you decide, please read the information below and provide your response at the end of this form. Your response and signature indicate acknowledgement of and consent for your child to participate in research.

If you have any questions or need additional explanation of any of the procedures explained below, please feel free to ask questions. You do not have to guess about things you are not sure of and asking questions does not imply you are agreeing to take part in the study.

Child Participant Information and Confidentiality

To be able to conduct this study, information about your child's grades and standardized test scores are collected to determine whether the program is improving their skills in core subject areas such as reading, writing, science, and math. In addition to grades and test scores, your child's individual attendance is tracked daily for each activity and program service. In cooperation with United Way of the Big Bend, Boys and Girls Club of the Big Bend and FDOE, the information above may be made available to these entities. Electronic attendance logs are provided daily to a data collection website created specifically for the Florida 21ST CCLC 2024-2025 program grantees. Access to information kept by this website is limited to evaluators working on the project and security measures are taken to ensure all of your child's information is kept secure and confidential.

Other information collected for the study includes surveys that your child will be asked to complete about health and nutrition related to the curriculum being taught at your child's site. All of this information collected is kept private and is only used for the purposes of the evaluation of the 21ST CCLC program. Evaluation findings are discussed in formative and summative reports that are submitted to FDOE. Information contained in these reports is combined so no individual child is able to be identified. Combined data is also provided electronically at the end of each program year to DOE via the 21Annual Performance Report System (21APR). 21APR is a federal information collection site which gathers data from all of the 21ST CCLC program sites nationwide. Your child will also be asked to complete a satisfaction survey at the end of each school year. The satisfaction survey is anonymous and results provide information on how well the program met the needs of your child.

Parent Acknowledgment and Final Signature
